ul. Komandosów 10/36
30-334, Kraków

Graduate in Applied Computer Science at the Jagiellonian University. Student of Applied Informatics II degree at the Cracow University of Economics with experience in creating desktop and web applications. I am open to learning new technologies and I am not afraid of criticism. My goal is to develop into a fullstack developer.

Core Skills:

.NET Web/Desktop

C#

Blazor

MS SQL

Docker / Podman

AWS / GCP

REST

Unit Testing

NoSql DB

Java

Linux

11/2024 - now [8 months]

Senior Associate .NET
Software Engineer

@ Charles River
Development a
StateStreet Company

Currently responsible for developing and maintaining the desktop Charles River Investment Management Solution (CRIMS) app. My role involves:

- WinForms/WPF Development: Expertise in developing and maintaining desktop applications using WinForms and WPF, ensuring a seamless user experience and robust functionality.
- Version Control Systems: Proficient in using Perforce and Git for version control, managing code changes, and collaborating effectively with team members.
- Analytical Skills: Strong analytical abilities to identify, troubleshoot, and resolve complex issues, ensuring the stability and reliability of the application.
- XML/XSLT Proficiency: Skilled in preparing and handling data and reports using XML and XSLT, ensuring accurate and efficient data processing and presentation.

07/2024 - 11/2024
[5 months]

Intern/Junior .NET
Developer
@ SII

I had a chance to participate in an internship where, in a self-managed team of 3, we were responsible for creating a web application from scratch.

I had opportunity to work with:

- Blazor: WebAssembly, Server
- Frameworks: MudBlazor, SignalR, MediatR, GremlinQ, XUnit, NSubstitute, FluentAssertions
- Patterns: MVVM, REST, CQRS
- NoSql Graph Databases: TinkerPop Gremlin, Azure CosmosDB
- Version Control System: Git, Azure DevOps
- SCRUM

On daily basis I was responsible for running daily meetings, reviewing other's people code, and preparing regular presentations on the progress of the project for our stakeholders.

04/2022 - 09/2022
[6 months]

Intern/Junior .NET
Developer

@ **SoftServe**

I had opportunity to work with:

- Frameworks: Entity, XUnit, Dapper, Moq, FluentAssertions,
- Version Control Systems: Git, GitHub
- Architectural patterns: MVC, REST
- Issue tracking and management systems: Jira, Confluence
- Databases: MicroSoft SQL Server

I was responsible for: - investigating and fixing minor bugs in existing codebase - writing unit tests

Education

Jagiellonian University

[2021 - 2024]

Applied Computer Science

Bachelor's Degree

Kraków University of Economics

[2024-2026]

Applied Computer Science

Masters's Degree

Additional Activities

Computer Science Students' Association - KSI UJ

[10/2023 - 07/2024]

Jagiellonian University,

Faculty of Mathematics and Computer Science
